

Certificate of Off-Site Training

As a Console Surgeon

Christian Bogner, M.D.

has successfully completed an Off-Site Training program in the role of a **Console Surgeon** using the *da Vinci*® Surgical System. This program consisted of didactic and practical skill application sessions covering the components and use of the *da Vinci*® Surgical System and *EndoWrist*® Instruments. Additionally, a training laboratory was conducted providing utilization of the *da Vinci*® Surgical System for key technical System skills as a **Console Surgeon**. Surgical team roles, responsibilities, and emergent management of the *da Vinci*® Surgical System were emphasized.

***da Vinci*® Surgical System Off-Site Training Program**

for a Console Surgeon

Surgical System

Gene Nagel
Vice President, Sales Training
and Education

Training conducted by:

Scott Howell

Jerry McNamara
Executive Vice
President, Worldwide
Sales and Marketing

This training program is not a replacement for hospital policy regarding surgical credentialing. Intuitive Surgical only trains on the use of the surgical tool, the *da Vinci* Surgical System. Any demonstration(s) during the training on how to use the System to perform a particular technique or procedure is not the recommendation or “certification” of Intuitive as to such technique or procedure, but rather is merely a sharing of information on how other surgeons may have used the System to perform a given technique or procedure.
